

Debt Elaboration

Staff members with Campus Crusade for Christ live on a limited salary. This is especially true during initial New Staff Training and the first few months of financial support development. Because of this, we need some additional information about your debt so we can better determine if the salary structure will be a hardship to you.

1. What is your current debt?	Total	Monthly
Personal debt (including credit cards) \$		\$
School debt	\$	\$
Auto loan debt	\$	\$
Other	<u>\$</u>	<u>\$</u>
TOTAL	\$	\$

2. If you don't have a car payment, will you need to purchase an automobile? Yes No
 (Note: If you already own a vehicle we encourage you not to buy a different one unless absolutely necessary.)
 If yes, approximately how much additional debt will you incur?

Total	Monthly
\$	\$

3. How do you plan to pay for your loans during New Staff Training and the first couple months of financial support development?

4. Where do you plan to live during financial support development?
 Will you need to pay rent or a mortgage Yes No

5. Will you need to work during financial support development? Yes No
 If yes how many hours a week?

(Note: Campus Crusade allows you to have another job during financial support development if it is needed to cover your essential financial needs. As funds begin to go into your staff memo account you will receive partial paychecks. When your paycheck is sufficient to cover your needs, we ask that you discontinue your other job so that you can spend full time on financial support development)

Financial development is a full time job. If you must have an additional full-time job to supplement your financial needs during this time, a minimum of fifteen hours per week must be spent on ministry partner development. If this is going to create a problem please comment.
